

FOCUS ON CASSOWARIES

On World Cassowary Day 2015
Saturday September 26

We are asking the people and especially governments to commit to key actions that will help make the future safe and secure for the cassowary

Our ask

- Australian Government includes cassowaries on the "20 birds by 2020" list.
- Queensland and local government implement effective solutions to prevent cassowary vehicle strike.
- Queensland and local government work together to ensure dog owners comply with existing dog laws in cassowary areas.
- Australian, Queensland and local government work together to protect all remaining cassowary habitat from clearing.
- Priority corridors connecting cassowary habitat are revegetated.
- Queensland government commits to keeping the Garners Beach Cassowary Rehabilitation Facility open.
